English 3 – 1st hour

Ethnography Plan: Spanish 3 class- 7th hour, Cassidy

Interviews:

- _____ student #1
- _____ student #2
- _____ student #3

Locations:

- Cassidy's classroom, Salida High School, 26 Jones Ave, Salida, CO 81201; 7th hour
- _____ ??

Observations:

- I have study hall during 7th hour, so I will be able to observe for at least 1-2 hours per week.
- I will need to talk with Mr. Cassidy to make sure that he won't mind me observing. I know three people in the class, so I will have to make sure that they aren't distracted by me.
- I am an outsider even though I speak Spanish fluently.
- I will write two-column notes.

Hypothesis:

I believe that students in Spanish three are college-bound, they have been in the class for a long time together, so they have a strong community/personality, and they are not fluent in Spanish yet.
